

THE ULTIMATE STEEL STATOR

**Another
New Innovation
from
Transmission
Specialties**

**Home of the Original
Spragless Racing Converter**

This unique Steel stator allows multiple fin configurations to fine tune the stall for maximum MPH and E.T. The unique steel stator blade design will make these converters the **most efficient ever introduced in the Racing Industry.**

*Designed for 500 cu in - 650 cu in engines
Used in 8" (#803) or 9" (#814) spragless
racing converters*
